

## THE KAUAI OUTDOOR CIRCLE

### PETITION TO IMPROVE THE CONDITION OF *THE GATEWAY PROJECT LANDSCAPING*

- ‡ The natural beauty of our *Garden Island* is a point of pride and embodiment of our environmental spirit
  - ***The Gateway*** is the epitome of this persona – a focal point along the main corridor near the Lihue airport acting as a first or last impression on tourists and returning Kama’aina alike.
- ‡ Unfortunately, what was intended to be a welcoming landscape to the Garden Isle, has become unsightly due to a lack of **regular** maintenance.
- ‡ We strongly request that the Department of Transportation hold the current landscape maintenance contractor responsible for maintaining The Gateway Project Landscaping in a manner consistent with the specifications laid out in their contract.
- ‡ **Our taxpayer dollars** are supporting ***The Gateway Project*** and this maintenance, however, no state enforcement or oversight has been imposed upon the contractor.
- ‡ We implore you to join us in encouraging The Department of Transportation to negotiate with, or sanction, the contractor to restore the beauty of ***The Gateway***.

**Mahalo from The Kauai Outdoor Circle for keeping us Clean, Green, and Beautiful!**
